

Name \_\_\_\_\_ Date \_\_\_\_\_

## Purchasing Power

How do you know you are getting the best deal when you go shopping? Whether it's a bag of apples, a pair of shoes, or a video game, you need to do some research and some math. Use this guide to build your purchasing power.

### Plan

Who's on your Purchasing Power team?

---

---

How are you going to find the best deal?

---

---

### Learn

What information sources did you use? Give the name of each source and what you found out.

---

---

---

---

---

---

---

---

Name \_\_\_\_\_ Date \_\_\_\_\_

### Put It Together

What's the best deal and why? Who needs to know? How will you present your results?

---

---

---

---

---

---

---

### Reflect

How easy or hard was it to figure out the best deal? Why?

---

---

---

---

---

---

---

What might make it easier or faster next time you have to find the best deal?

---

---

---

---
